

Ananda Marga Banner

Ananda Marga is present in several locations and it should be easy to locate it visually. Those who look for meditation and yoga or a vegetarian life style, etc. will have a easier task to find Ananda Marga if there is a banner on the front of the Ananda Marga Center. We are looking for designers able to make a professional banner for Ananda Marga. The banner will be exposed on the front of every Ananda Marga project or center in New York Sector. The size 2.5' x 8' can be taken as a reference.

In New York Sectorial Office we are also using two professionally made vertical banners which are portable and can be exposed during any Ananda Marga program or event. Below is the image of one of them.
