

Dada Parinirvananda is visiting new places in Canada and Alaska

In Whitehorse, Yukon in Canada there were 3 days yoga meditation workshop. 25 participants attended the first day and 26 attended the second day. There have been three initiations and more than 20 people got general meditation teachings. It is very inspiring the response that Dada got in this Northern territory of Canada.

Since one week Dada is in Fairbanks, Alaska where he is receiving good attention from margi and sympathizers. He initiated four people and he is inspiring more who come regularly to see him from the nearby University.

Also in San Antonio Dada Parinirvananda was attending a one day seminar on July 27.
