

[PROUT: Two new Apps available on Google Play](#)

PROUT as Progressive Utilization Theory has been formulated by Shrii Prabhat Rainjan Sarkar in 1959 and since then it has offered a viable alternative to the present social, political and economical frameworks.

The new Apps make PROUT a handy tool that can be consulted or presented anywhere in the world.

The English version can be searched on Google Play with the keywords Progressive Utilization and the Spanish version with the keyword Utilizacion Progresiva. They are both small in size as they provide both text and links to existing pages of the web.
